

**DRAKKAR**

---

# ¿WHO WE ARE?

Born in 2015 with two main objectives:

- 1) Participate in BOP construction.
- 2) Raise a investment portfolio thorough the project development and partnerships with focus in Renewable energy, mainly wind and solar.
- 3) Advise sponsors and construction companies in their project as a external business development and project development service.

At the beginning of 2021, DRAKKAR INGENIERIA S.A. operates in countries such as Argentina, Uruguay, Chile, Brazil, Mexico and Spain.

It continues to add value throughout the business chain, taking care of the projects from their early conception to their operation.
